PROFESSIONAL SUMMARY

Flutter Developer with 1 year 10 months of experience in designing and developing cross-platform mobile applications for Android and iOS. Skilled in Dart, Flutter, REST API integration, Firebase, Provider, and GetX. Strong expertise in responsive UI, mobile app architecture, and third-party service integration. Delivered 4+ production-ready apps, improving performance, stability, and user experience.

WORK EXPERIENCE

■ Cloud ECS Infotech | Dec 2023 – Sep 2025

Flutter Developer

- Developed and maintained cross-platform mobile applications using Flutter for Android and iOS.
- Integrated REST APIs and third-party services, including Google Maps, Firebase Authentication, Push Notifications, and Payment Gateway.
- Implemented state management using Provider and GetX, ensuring scalable and maintainable code.
- Designed and built modules such as shopping cart, wishlist, product filters, search, and authentication with SharedPreferences.
- Optimized app responsiveness and reduced API latency, improving UI rendering and user experience.
- Delivered 4+ production-ready apps, with 1 successfully deployed on Google Play Store.
- Improved app performance and reduced load time by 30% through optimized API integration.

PROJECTS

- **Dealsmachi** – E-commerce App: Implemented shopping cart, wishlist, filters, and payment integration.
- **TutorsGuru & Arty Learning** – Developed and managed modules for students, teachers, courses, attendance, and fee tracking with a Firebase backend.
- **Crmlah** – CRM App: Integrated client management, notifications, and reporting features.
